ENVON PET SUPPLIES

## ENVON PET SUPPLIES

Established in 2017, Envon Pet supplies is a Sydney based pet accessories toys and treats wholesaler, the distributor of high-quality International and local brands. We service pet shops, vets, grooming salons and produce stores.

We want to provide desirable yet affordable, quality products that our end users – pet parents and their fur babies would enjoy and benefit from. That means sourcing and making top quality, great value products for retailers like you.

We're passionate about giving our retailers the kind of products they want to sell – and giving their customers the kind of products they want to buy. That's because happy suppliers mean happy and loyal customers, which ultimately means happy and healthy pets.

## BIOSAFE™ GERM SMART DOG TOYS

BioCote Protected. A more hygienic toy for your pet and your family.

### BioCote is an antimicrobial technology.

An antimicrobial is something that prevents the growth and survival of microbes including bacteria, mould and fungi.

BioCote technology protects surfaces from microbes resisting the potentially negative impact they can have on a product, resulting in a number of benefits.

### BioCote technology will:

- Make a product more hygienic, if it is likely to host microbes harmful to human health.
- Keep a product fresher for longer, if it is likely to host odour-causing or staining microbes.
- Extend the usable lifetime of a product, if it is likely to host microbes which might degrade the surface.

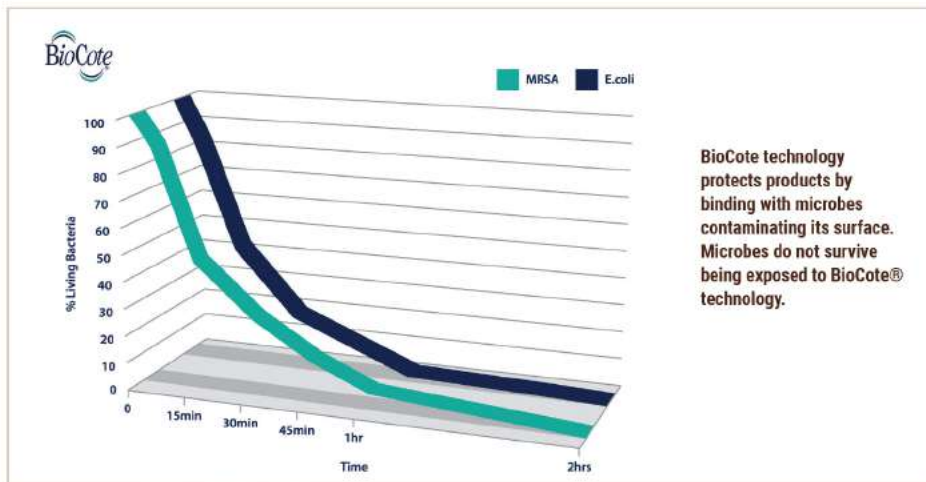

### What does BioCote technology do?

BioCote technology provides long-lasting protection to a product by creating a surface upon which microbes cannot survive. It therefore reduces the level of microbes on a surface.

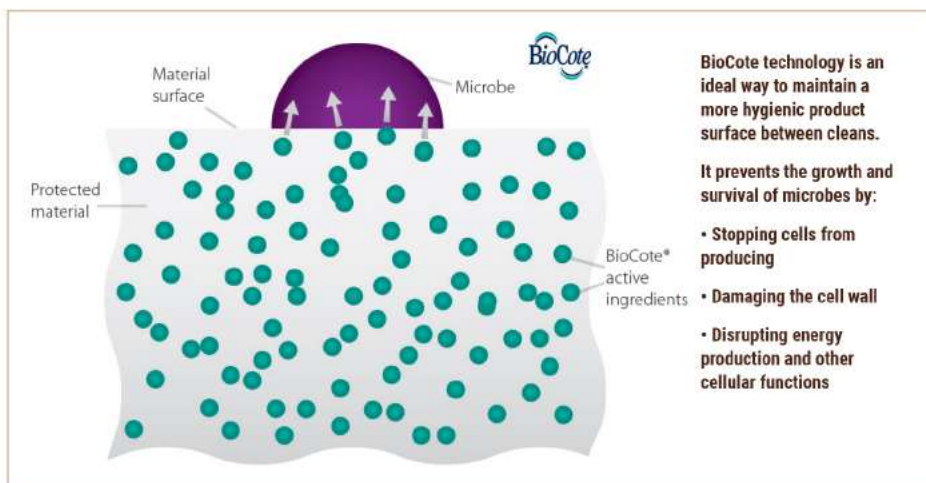

Lower levels of bacteria means improved hygiene and reductions in staining, odours and premature degradation of materials.

### BioCote technology:

- Is proven effective against a wide range of bacteria, fungi and the H1N1 virus
- Reduces microbes by up to 99.99%
- Significant reductions within 15 minutes
- Up to 99.5% reduction in just 2 hours
- Works continuously for the expected lifetime of the product

BioCote technology protects products by binding with microbes contaminating its surface. Microbes do not survive being exposed to BioCote® technology.

BioCote technology is an ideal way to maintain a more hygienic product surface between cleans.

It prevents the growth and survival of microbes by:

- Stopping cells from producing
- Damaging the cell wall
- Disrupting energy production and other cellular functions

# Dog Toys

## Puppy

Following the success of our Biosafe puppy range, the range is now available in pink. The pink Biosafe puppy range retains all the same features and benefits of the original puppy Biosafe, the only difference is the colour. It has great appeal to female puppies and owners, the range will look fantastic in-store merchandised together.

BioCote technology makes the Biosafe range hygienic, keeping it fresher for longer and extending the usable lifetime of this product. It massages gums and helps reduce plaque and tartar build up.

Perfect for puppies and small dogs.

The range has grown along with its success and it now comprises of ten lines available in pink or blue.

The treat dumbbell and treat ball are a great way to introduce training to puppies and small dogs at an early age.

The toys massage gums and help to reduce plaque and tartar build up. They are constructed out of a tough, yet soft material, are treated with a mint scent and they even float too!

## Fruits

The Biosafe range is all about a safer, fresher and more hygienic toy range for pet and owner. Each component is treated with BioCote technology creating a unique, safer toy whilst providing lots of fun and promoting mental stimulation.

The toys are tough and durable; the range includes ten toys all offering various unique selling points to include interaction, tugging, mental stimulation, squeakers, no squeakers and treat toys, with much of the range also having dental benefits. The Orange and Watermelon can be put in the freezer for teething and summertime play. All products in the range will float, adding a further dimension to play time!

## LITTLE NIPPERS

Rosewood's new range of toys caters for very young or small dogs who need that extra special care and attention. The toys are designed to give your puppy and small dogs hours of fun, developing their play skills and keeping their little mouths busy and satisfied.

The cute comforters are a great way to keep puppies entertained and provide them with company to snuggle up to. We also know puppies love to chew to help cut their developing teeth which is why all products feature elements of tough materials perfect for gnawing on.

## NATURAL NIPPERS

A toy range designed to stimulate and comfort younger and smaller pets. Some toys act as soothers and comforters whilst others are ideal for chewing, chasing and retrieving. The neutral colour palette has proved to be popular and looks great when all products are merchandised together in store. The Snuggle Heat Cushion is an ideal way to give the pet instant warmth whenever it is needed. It is also great for newborns or pets which are under recuperation.

SIMPLY HEAT THE CUSHION IN THE MICROWAVE FOR 30 SECONDS TO PROVIDE WARMTH.

## TOUGH TOYS

### Meaty Takeaway

Meaty Tough Toys are designed for powerful chewers. Long lasting delicious flavours making them irresistible to dogs! Great for chewing and engaging for small and large breeds.

Raised bristles on the Bacon Bone and Tough Wood Bone help to clean teeth and prevent tartar build up.

The Wood Bone is made with real wood shavings and transparent plastic making it super tough and great for tough chewers.

They are all blister packed to preserve the scent and flavour of the bone, making it tasty for longer.

All bones are now available in small and large sizes (except for the Bacon and the Wood Bone).

## GLOW IN THE DARK

These Glow in the Dark balls are great for play-time in low light conditions. For other items in our reflective range please see pages 62 and 63.

Rosewood's Glow in the Dark Football has been purposely made to fit ball launchers so that pet and owners are able to continue to play in the low light. It is made of lightweight durable rubber and it also squeaks for added fun and play!

## GIGGLING TOYS

### Treat Ball

A colourful treat dispensing toy.

Mentally stimulating, it can be filled with treats or dry food and keeps your pet engaged and active.

The treats ball makes a giggling sound during movement and play.

## Latex Toys

Unique latex characters, in funky colours, which really stand out in-store! These toys are durable, safe to throw and produce great sounds which dogs find fascinating. Most toys make a loud squeaking sound, however the farmyard animals grunt instead!

# Dog Toys

## Tennis Play/Flingball

Included in the range are a pack of six tennis balls which can be used with the Fling ball or on their own as a throw and fetch toy. The classic tennis balls are available in 3 fun colours that dogs and owners will just love. The Fling ball is great for outdoor fun, fling it and fetch it - it's as simple as that!

## M-PETS™ BLOOM balls made with E-TPU technology

E-TPU technology is developed in conjunction with the ADIDAS Innovation Team (AIT) and German chemists BASF. Unlike other traditional dog throwing balls, BLOOM dog balls are non-toxic, made of food-grade, durable material that won't break no matter how hard your dog throws them. The balls will last for any length of time for your dog's powerful jaws. Dog chew toy balls are durable yet very lightweight, highly elastic that could even be floated on water and easily cleaned.

### Features of E-TPU:

- Super response: the bounce rate could be up to 63%.
- Low density: 100-200kg/m<sup>3</sup>.
- High elasticity and softness even at low temperature.
- Very low abrasion resistance
- High bending resistance
- Eco-friendly material : All raw materials and processes are 100% environment-friendly.

- ⊗ Keep your home cleaner

- ⊗ Clean paws
- ⊗ Pheromone attractant
- ⊗ Antibacterial

## CARBON TECHNOLOGY

training pads are 25% thicker and absorbs twice amount of liquid than normal training pads. Each pad has 5 layers, which is designed to keep your floor clean and dry. The top layer is made of our **Carbon Technology** that provides max absorption and removes odour quickly. The middle layers help turn liquid into gel, which holds more fluid than usual training pads. The bottom layers are made with high endurance that prevent the pads from wearing and tearing, keeping the liquid from staining your floor.

ODOUR STOP is based on PHYTONCIDE, a natural renewable plant extract, which is more environmentally friendly than ordinary deodorants. ODOUR STOP quickly eliminates odours and bacteria (30 seconds) and leaves behind a pleasant and long-lasting scent. ODOUR STOP can be used in homes, vehicles, rooms, laundry areas or any area with bad environmental odours.

-  **ANTIBACTERIAL**
-  **PHYTONCIDE-BASED**
-  **QUICK RESULTS**
-  **EASY TO USE**
-  **INSECT REPELLENT**

## AGILITY

Our agility range is perfect for a family's own fun and enjoyment in the garden but equally as good to use for practice for those looking to join an agility club. The kits are lightweight for safety, and are quick and easy to assemble.

All, except the Flyball, come with a carry bag. The Hurdle and Hoop Jump are adjustable for different sizes and abilities. The packaging also details how to use the equipment with additional training tips so owners and pets get the most from each piece. Why not persuade your customers to try one product first to help build confidence, then, if desired, add more pieces to create their very own agility course.

## CLICK TRAINING TOOL

M-PETS DOG TRAINING CLICKER is a brilliant tool for training your dog using positive reinforcement.

- Ergonomic and lightweight design for a comfortable fit in your hand. Comes with an elastic wrist band so you can leave it on your wrist or clip it to your leash or pants.
- Button for easy clicking and loud sound to get your dog's attention and become a familiar indicator of a job well done.
- Perfect for basic obedience, such as sit, fetch, lie down, stand, roll over, look for the target, etc., and correct wrong behaviours. For effective pet training, ALWAYS reward with a treat after clicking.
- **The training CLICKER** is not only for dogs, it can be used for your cat, bird, chicken,...., and even horse

# LIFE JACKET

FOR DOGS

**NEW**

Not all dogs can swim equally well on their own. To provide extra security while playing or training in the water or on a boat trip, you can use the **M-PETS™ LIFE JACKET**. The vest fits your dog comfortably thanks to velcro closures and nylon straps with click fasteners (infinitely adjustable). For added visibility, the vest has a striking color with double reflective stripes. The vest contains 2 D-rings to which you can attach a leash and a rescue handle to lift your dog. The vest comes in black and orange color and is available in 5 sizes.

# LECCAMAT

**LECCA MAT** is perfect for serving wet, dry and liquid food together without mess and for creating long-lasting snacks. Helps your pet have fun, to reduce stress, anxiety and boredom. Suitable for pets of all sizes.

**PROMOTES HEALTHY, SLOW FEEDING.** Slow feeder bowl helps reduce your pet's feeding from seconds to many minutes, improving digestion and reducing bloating.

**DENTAL HEALTH.** Textured surfaces promote a pleasant licking action, which generates saliva and helps protect your pet's teeth and gums. Scrape food and odour-causing bits off your pet's tongue, promoting healthier teeth and gums and fresher breath.

**PERFECT FOR FLAT-NOSED PET.** All breeds can eat easily but more slowly without the hassle of navigating mazes and bumps with their flat noses.

The FLOW pet carrier has a sturdy steel frame with mesh sides so your animal has plenty of ventilation and can see what's going on around them. For nervous pets, there are privacy blinds that can be rolled down to help keep them calm. When not in use, the carry bag can be collapsed down for convenient storage. Inclusive of a zipped size pocket and detachable storage bag, perfect to keep your pet's favourite treats and toys close to hand.

## SILVERVINE CAT TOYS

Fun cat toys which contain silvervine, a natural attractant known to induce a very playful reaction in cats; it's even better than catnip!

Silvervine is a non-toxic plant which is grown in mountainous areas of Japan. It is known to give cats a similar euphoric response to catnip, honeysuckle and valerian but is typically more intense and lasts for approximately five to twenty minutes.

The range includes plush fur teasers for interactive fun as well as silvervine mice, plush balls and rattan balls, all perfect for encouraging healthy exercise and play.

## JOLLY MOGGY

### Under the Sea Collection

Rosewood's Under the Sea cat toy collection will tempt our feline friends to pounce and play! The soft, brightly coloured plush encourages snuggling and cuddling. Play is further stimulated with catnip and a variety of textures including feather-boa teasers, crinkle fins and tentacles; plus, bells in the crab's claws, ensuring hours of entertainment.

## Catnip Toy Dumpling Set

Your cat will love batting around their very own dumplings! Four unique characters with embroidered faces, each filled with enticing catnip and soft, plush outers. The rustling foil sound will instantly spark curiosity and provide your feline friend with hours of entertainment. Complete with their very own gift box.

## Trout & Snapper Catnip Fish Toys

Stuffed with 100% catnip and no other stuffing, the realistic fish toys will stimulate your cat's senses. With a soft plush outer for fun and safe play, the two designs are perfect for kicking and pouncing.

The packaging is also eco-friendly, derived from plant-based and recycled materials, with a euro tag for easy in-store display.

## THE NEW CATELITE BY M-PETS™

### State-of-the-art-design:

Made of materials that blend in perfectly with your interior décor, while still having that wonderful function of giving your cats something to crawl on and to be pampered. A stylish piece of furniture designed for your cats.

### Flexible & Modular:

Expandable modular system. Several individual elements can be attached and aligned to the different scratching posts for a creation of a unique cat tree. Multiple components are available for sleeping, cuddling, playing, scratching or climbing.

## CAT BED

Cute and adorable Sheep (**DOLLY**) and Bee (**MAYA**) shaped design cushions to care for your pet. Lovely and playful for both pets and owner. They are made with 100% recycled plastic bottles, wool-like fabric and non-slip bottom. Suitable for dogs and cats, a removable and washable cushion is included and they easier to clean.

**THEY ARE SOFT AND COMFORTABLE** that your pets will love to hang around and inside this Sheep or Bee like-home. They are made of soft fabric that will give your pet comfort and ease so they can easily relax inside the space.

**MADE WITH THE RIGHT SIZE**, your pets will fit perfectly inside this nest and can even snuggle comfortably inside it! With its cute opening, it provides the right size entrance while leaving enough space for ventilation.

**AVAILABLE IN DIFFERENT COLORS**, each one will look amazing inside your home and create that perfect balance of colours that will look great no matter what type of home interior you have.

**MADE OF DURABLE MATERIAL**, you can be sure that your cat nest will stay with you and your pet for a long time.

HELP TO **PROTECT THE ENVIRONMENT** WITH OUR ECO RANGE WHICH ONLY USES FIBRE FROM RECYCLED PLASTIC BOTTLES.

# Carriers

**M-PETS™ SUBMARINE Carrier** has a curved inner shape that allows the pet to roll freely inside and due to its design pets can enjoy the scenery while travelling. It includes a built-in 0.3L food container and soft padding that can make pets enjoy a comfortable journey.

- There are symmetrical air outlets on both sides, with a large area of ventilation holes at the back, which can provide the best airflow. There is a built-in electric fan at the top of the carrier to bring more fresh air into the pet's cage, making the pet's journey more pleasant.
- Built-in soft led night light, just touch the light control button to gradually illuminate the interior space,
- The carrier is made of ABS and PC, it is durable, waterproof and easy to clean. Comes with TPE material handle, convenient and portable. Very suitable for small dogs and medium-sized domestic cats.
- It is perfect for travelling by plane, underground or car. The dimensions of the pet carrier are 49 cm (length) x 32 cm (width) x 30 cm (height), and it is recommended for pets under 8 kgs.

## TROLLEY CARRIER

Handle suitable for outdoor, travel and approved by most airlines for placement under the seat.

- > There are 7 large ventilation holes on the left and right sides. The fan is built into the top. The fan can be switched on by pressing a button. It only takes 20 seconds to ventilate the entire trolley to ensure fresh air for your pet.
- > Transparent window allows pets to enjoy the scenery. Equipped with a soft pet travel backpack to provide a comfortable travel environment for your pet. Can also be used as an indoor bed.
- > Built-in 2 soft led night lights, just touch the light control button to gradually illuminate the indoor space, allowing your pet to clearly see the surroundings, and to see your pet at night. Powered by power bank (not included)!
- > The Pet Trolley Carrier is made of ABS + PC material, which is waterproof, easy to clean, durable and scratch resistant. The recommended weight is +/- 6 kg.

The 60s was a decade of unprecedented change. Political, social, cultural and aesthetic upheavals left no one unaffected. The 60s looked forward to the future, the motto in the design world was now 'everything is possible'. This optimism was driven by technological progress, economic recovery and a young generation that longed not only for emotional, but also visual sensuality.

In the 60s the design objects provoke the intellect, challenging the perception of the users. This is exactly what **M-PETS SIXTIES range** wants to bring to life: imaginative shapes, bright colours, softly rounded plastic objects made in ABS plastic, combing aesthetics with ergonomics, consideration for the environment together with advanced technology.

## PetsBuddy® Goatsmilk Taurine Enriched Formula for Cat

**THIS** kind of nutritionally balanced dairy supplement for cats of all breeds. Our unique Taurine Enriched Formula closely resembles cat milk, which formulated to match the average composition of cat's milk, with added vitamins, minerals and essential fatty acids (Omega-3 and 6). It is perfect to feed orphaned kittens or when the mother's milk is limited. We also add high levels of the sulphonic acid taurine with only moderate amounts of fat and carbohydrate to aid in prevention of blindness, hair loss, tooth decay and heart failure.

PETSBUDDY  
PB60186 Goat Milk Taurine  
Enriched Formula for cCat  
300g

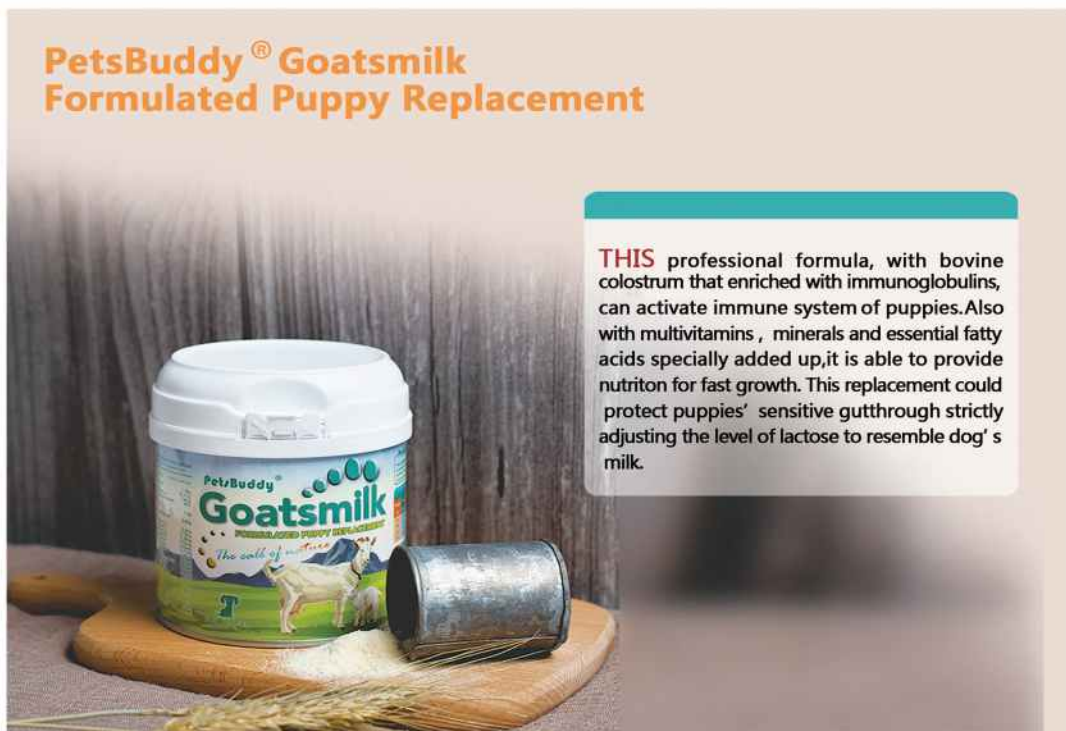

## PetsBuddy® Goatsmilk Formulated Kitten Replacement

**THIS** professional formula, with bovine colostrum that enriched with immunoglobulins, is able to protect immune and gut system. Meanwhile, this unique replacement can help kittens prevent from nutritional deficiency via high level of taurine content, and also supply essential nutrition with vitamins, minerals and essential fatty acids added.

PETSBUDDY  
PB60018 Goat Milk  
Formulated kitten Replacement  
210g

## PetsBuddy® Goatsmilk Formulated Puppy Replacement

**THIS** professional formula, with bovine colostrum that enriched with immunoglobulins, can activate immune system of puppies. Also with multivitamins , minerals and essential fatty acids specially added up, it is able to provide nutrition for fast growth. This replacement could protect puppies' sensitive gut through strictly adjusting the level of lactose to resemble dog' s milk.

## MIO'S NATURE™

Our formulated “low-fat” concentrated Beef Bone Broth Powder for all cats and dogs is the tastiest way to help your pet’s bone and joint health! It’s made with 100% human food-grade New Zealand beef bones, more than 30 hours slow-cooked and freeze-dried to extract and retain the collagen and nutrients that support mobility and wellbeing.

MIO'S NATURE  
MNS001 **Beef Bone  
Broth Powder 120g**  
120g

- 100% natural ingredients
- Increase joint mobility
- Relieve inflammation and joint pain
- Build bones, joints, and tendons
- Fully packed with collagen and amino acids
- Clear liver toxins

Support your pet's renal health with our professionally formulated, Whole Food Meal Booster. Made from 100% natural human-food grade whole food ingredients including Green-Lipped Mussels, Kale, and Rose-Hip powders, this tasty meal addition is full of vitamins and nutrients that support the renal, digestive, and immune systems of cats and dogs.

MIO'S NATURE  
MNS002 Whole Food  
Meal Booster 180G  
180g

- 100% natural ingredients
- Support the renal and urinary health
- Fully packed with EPA and DHA
- Relieve body inflammation
- Boost shinier coat and healthy skin
- Great for pet's eyesight and heart

# Dog & Cat Treats

While the nutrition content of seaweed varies based on where it grows and what type it is, our Organic King Seaweed product contains the following nutrients:

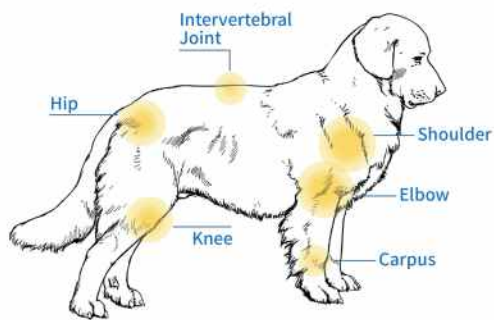

## List of Nutrients in Organic King Seaweed

Vitamin A	Vitamin B1	Vitamin B2
Vitamin C	Vitamin E	Vitamin K
Calcium	Folate	Potassium
Iron	Manganese	Copper
Sodium	Zinc	Cobalt
And more		

OKEY DOGGY  
OD21SWD001 Organic King Seaweed 200g

## Joint pain factors

Joint pain is the most common health issues among pets. Not only do elder pets suffer joint pains, the research also shows that it affects more than 20% of the dogs and cats population. There are many factors that may contribute to development of joint issue, including breed, injury, intensive activities, genetics, age, disease, improper nutrition, obesity, etc.

## Symptoms of Joint Pain

- Stiffness, lameness, limping
- Difficulty getting up, sitting, standing
- Lethargy
- Decreased activities
- Weight gain
- Irritability or changes in behaviour
- Pain when petted or touched
- Difficulty posturing to urinate or defecate, or having accidents in the house
- Licking inflamed joints
- Loss of muscle mass over the limbs and spine

OKEY DOGGY  
OD21JIT001 Natural Joint Ultiboost 150g

## What our Omega 3,6,9 Oil can support?

Omega-3,6,9 fats are a crucial part of cell membranes. They can help with:

- ✓ Heart health - helps manage cholesterol, triglyceride, and blood pressure levels.
- ✓ Reducing weight.
- ✓ Decreasing liver fat. Initial research suggests that consuming omega-3,6,9 may help decrease the amount of fat in the liver.
- ✓ Supporting brain development of kittens and puppies.
- ✓ Fighting inflammation. Help manage inflammation that occurs with some chronic diseases.
- ✓ Improve skin and fur health. Leads to less scratching, licking, and biting.
- ✓ Aids kidney function.

OKEY DOGGY  
OD21OGA001 Omega 3,6,9 Oil 500ml

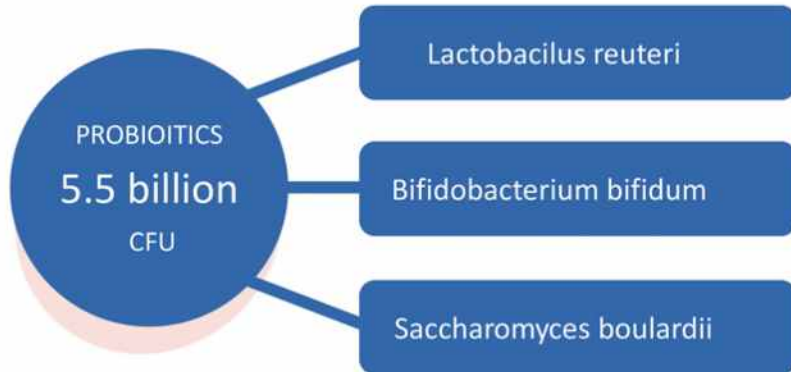

## Ingredients

Okey Doggy Synbiotics contains 5.5 Billion CFU of Probiotics, including:  
3 strain probiotics (5.5 billions CFU) blend with 2 natural prebiotics (FOS & MOS).

Each sachet contains

Lactobacillus reuteri	1 billion CFU
Bifidobacterium bifidum	4 billion CFU
Saccharomyces boulardii	500 million CFU

### Why is Food Grade necessary for No-rinse spray products?

## Safe & Easy

No-rinse products are easy to use, but over time the chemicals residuals on the coat and skin will still negatively impact our pets' health and wellbeing in the long run, especially for cats who love licking their fur.

To offer the best protection to our fur friends, we introduced the first food-grade edible no rinse spray product on the market. Compared to other lickable products, our product is defined as food grade - 100% safe, it can be safely used on our furry friends with zero long term harm, while also performing antibacterial and deodorant functions.

## Snuffle Forage Mat

There is a growing awareness, from owners of all pet types, of the importance of enrichment products. For most pets the ability to forage for foods and treats is a key aspect of this. Our Snuffle Mat, with its super-soft felt stands, is a great way to offer rabbits and rodents of all sizes this opportunity. Owners will be able to play hide and seek with all types of dried and even fresh foods, such as herbs. The mat is a generous size, can be used both in and outside the pet's home and is hand washable.

Just because pets are going to chew them it doesn't mean wooden gnaws cannot be fun and colourful – after all it's not the pet that's going to be putting their hand in their pocket!

Small animals love, even need, to chew on wood and our fun toys allow them to satisfy this urge. We've also created designs to stimulate them mentally, so our Grape 'n' Gnaw can be loaded with treats and sliced vegetables can be wedged into our chunky 3D Carrot.

The colourful designs and packaging have been created to stand out in store and appeal to your customers, both young and old.

All products are made from pet-safe dyes and materials and are priced to sell!

# Activity Toys

Our gnaws are especially appealing to children, will brighten any pet's home and are designed for pets of all sizes.

Toys that roll and hang are especially popular both with consumers and pets alike.

Our Woodies Fruity Spinners both swing and spin so are an ideal 'Boredom Breaker'. They are even great for many pet birds (look for the green heart alerting your customers to this on relevant packaging).

Our Nibble Stix are 'classics' at pocket money prices!

## Corn, Loofa, Seagrass & Sisal Toys

Boredom Breaker toys made with a variety of natural materials to give pets an appealing mix of textures. Fun to chew, gnaw, scratch, throw and generally destroy!

Our Toss 'n' Treat Roller is ideal for all the above but with the added appeal of pet owners being able to fill it with small treats which are then randomly dispensed as pets throw and roll it around their home.

Our Bunny Fun Tree and Carrot Play Patch have many imitators, but these are still the original and the best!

## Edible Activity Dens, Toys and Gnaws

Our wood and alfalfa blended range is now incredibly popular as it's an ideal way to allow pets to fulfil their desire and need to gnaw. Not only does the final product not splinter, it also allows us to create products that would be almost impossible in solid wood.

First up is our new Gingerbread Man hanging gnaw, which is ideal for all small animals.

Our other lines build on this concept with even more innovation: the Donuts are the wood-based gnaw mixture with even more alfalfa (16%) and real carrot "icing", dusted with coconut. The Bunny Buns – which are not just for bunnies - ramp up the alfalfa to 35% with their hard shells filled with a treat centre (flavoured with apple and fenugreek). The Buns offer two different challenges depending on which way they are used: place them flat side down and the pet has to gnaw at the holes to get to the filling, or use the other way around so they roll and wobble!

The next two lines are treats that think they are gnaws: the Treat 'n' Gnaw Carrots are a wood-based gnaw with a filling of real carrot blended with rice starch, to create a treat that's as hard as the rest of the gnaw. The Gnawty 'n' Nice Fruit & Veg treats use this same carrot-based treat mixture with an alfalfa-based top. Naturally flavoured and coloured, these 8cm long carrots and 4.5cm strawberries last and last, and are ideal for all rabbits, Guinea pigs, hamsters, chinchillas and gerbils.

A further advantage over competitor products is that we don't add unhealthy honey, and all, with the exception of three, don't use any artificial colourants as we believe 'au natural' looks better!

As well as two sizes of play log and straw-roofed shack - small for hamsters and XL for guinea pigs, chinchillas and rats - we also have two sizes of hanging play chains which are great for hiding treats in to challenge both furry and feathered pets. Our unique Treat 'n' Gnow Logs, which are peanut flavoured and have tasty treat fillings, are in two sizes to keep the smallest and largest of pets busy for days.

## Activity Tents & Tunnels

Our Pop-Up tents and tunnels are unique as pet owners can join two or more tunnels together and join a tunnel to a tent with their integral Velcro tabs. Both products are ideal for indoor or outdoor and provide pets with shelter from rain or sun. The tents, which come with a removable mattress and run ties, are sized 31cm square for the medium and 36cm for the large, while both tunnels are 90cm long.

The polyester fabric is wipe-clean and comes in two popular colours.

## Play & Hide Maze Haven

Nature Island MAZE HAVEN makes an adventurous play area for guinea pigs, rabbits and ferrets. It enriches your animal's life with a stimulating activity centre that you can continually change and adapt to keep them on their toes. In their natural environment, rodents use their survival instincts to mentally map out their surroundings for escape routes and hideouts. So once they've explored their new space, they'll love to relax and snooze there too.

## SNUGGLES

Affordable luxury is the order of the day (or night!) with our super soft plush beds with signature embroidered paw print. The plush versions are still practical with tough, wipe clean fabric bases as well as being machine washable to 30°C. For muckier rabbits, guinea pigs and ferrets we also have our Tough 'n' Mucky bed made with a durable, wipe clean, outer fabric that's coated inside to stop water and urine reaching the filling.

## OPTIONS

### Small Animal Homes - Abode

Our Abode for dwarf hamsters and mice is a high quality, plastic home with narrow, powder-coated bars in the roof for ventilation making it completely escape proof and even suitable as a breeding cage. It's stylishly appointed with a solid exercise wheel, food dish, sleeping area (which could also be used for sand baths) and our easy to use 'drop in' water bottle. The smooth, solid base is deep enough for an extra deep layer of litter for burrowing.

In addition to our 'classic' blue and orange we also have a stunning silver with translucent blue accessories and a hot, 80's inspired (and now back on trend) vision in pink, green and orange.

All three are presented in eye-catching and informative full colour boxes.

## Small Animal Homes - Pico

Fun and funky for both pet and owner: the Picos not only look great but are also packed full of extra levels, ladders, a tunnel, wheel and even a unique loft hide with easy (but secure) access. These high quality homes also have a 'drop in' water bottle, food dish and a deep base to help ensure litter stays in the pet's home. The 8.5mm bar spacing means that the homes are suitable for mice and dwarf hamsters from 6-8 weeks of age as well as Syrians.

As with the Abodes, the Picos also have all accessories and parts built in to the top making cleaning the base really easy.

## Small Animal Homes - Pico XL

More and more pet owners are looking for bigger and better homes for their hamsters, so our Pico XL is ideal being 50% larger than the standard Pico. We've achieved this in the most practical manner for most consumers by making the homes taller and adding extra ladders and levels to create an even more exciting and feature packed home.

The XLs have all the same features as the standard, but with a knock-down design they pack down and take even less storage and shelf space in store. The knock-down design doesn't compromise on quality either: we don't use chewable, plastic clips to connect the panels and the gaps at the corners are even narrower than on the main bars, so the XL is still suitable for mice and dwarf hamsters over 6-8 weeks of age.

**Rosewood**  
It's a small animal thing!

**Pico XL**  
Fully-furnished hamster home

Contemporary design, easy access trade, easy refill water bottle, taller with multiple levels and ladders for extra fun.

## NATURALS

### Meadow Menu Main Diets

In 2006 our Naturals brand of small animal treats broke the mould; finally consumers could offer their pets healthier, more stimulating and better quality treats. We then took this principle and applied it to our breakthrough range of main diets. Meadow Menu offers pet owners the chance to feed their pets a better diet that's closer to nature. On top of this the recent growth in the popularity of grain free feeding has been the most significant change to the dog food market since the move from wet to dry and this change is now happening with the diets of fibrevores!

Experts and owners are increasingly concerned about obesity and poor digestive and dental health in rabbits, guinea pigs, chinchillas and degus. The best and simplest way to address all these concerns is by improving a pet's diet. Our three Meadow Menu diets:

- use over 40 natural and grain free ingredients designed to promote good digestive and overall health
- are blended into Quad-shaped pellets, loaded with fibre-rich grasses, which are designed to wear growing teeth and stop selective feeding
- contain no added sugar or sugar-rich ingredients
- are cold-pressed to retain more of their nutrients and encourage the pet's digestive system to work as it was designed to!

#### Why Grain free?

Most manufactured foods for fibrevores contain large amounts of processed cereal grains and very few other ingredients. Why? Because grains are cheap and rich sources of energy, but also because to create extruded foods you need starch to 'glue' the ingredients together. The heat used also pre-processes the nutrients so they are easier to digest and more of the energy is absorbed by the animal - sounds good, but it's not. Put simply our small animals' digestive systems have also evolved to 'work' at extracting nutrients from unprocessed, low energy, fibre rich food like meadow plants and grasses slowly, throughout the day. Feeding energy rich, easily digestible food to fibrevores is the equivalent of putting aviation fuel into a diesel tractor!

As pets get their energy too easily and quickly from grain based diets, so they often eat less essential hay which can also result in digestive issues. Additionally, if excess starch, sugar and protein is not completely digested in the small intestine it can cause serious short and long term issues for the rest of their digestive system. Grain-based diets also don't provide the same vital teeth-wearing abrasion that hay and grass based diets do which can lead to potential dental issues.

Finally, by leaving cheap grain out we can pack more of the good stuff in. This is important as different plants contain different macro and micro nutrients. These included beneficial phytochemicals (natural chemical compounds found only in plants) including a wide variety of flavonoids, antioxidants and vitamins. So by using over 40 different meadow plants, grasses, vegetables and seeds pets are provided with a wider variety of these important nutrients.

### Worth knowing....

Our meadow hay is barn dried to keep its colour and minimise the loss of essential nutrients like beta carotene and vitamin E. Additional warm air drying and dust extraction also helps to prevent mould spores and respiratory issues for both owner and pet. It also contains over 20 different types of meadow grass, plants and herbs, making it great for health and palatability, including:

- |                           |              |
|---------------------------|--------------|
| Tall Oat Grass            | Sorrel       |
| Orchard Grass             | Dandelion    |
| Downy Alpine Oat Grass    | Plantain     |
| Smooth Stalk Meadow Grass | Wild Chervil |
| Velvet Grass              | Red Clover   |
| Soft Broom Grass          | Tufted Vetch |

....the amount of hay that we gently compress into a typical 70g cookie

## Meadow Hay Cookies

Pet owners are increasingly aware of the importance of feeding their pets a good quality, main diet hay, so much so that the hay market is now divided into two: cheap, bedding hay and high quality forage. For our cookies we take high quality meadow hay from a family farm in Bavaria and compress it into convenient and easy to feed portions.

For the pet owner our cookies are easier to store, less messy to feed and result in less waste. They also contain less dust and allergens.

Pets benefit from the fact that unlike single species grass hays, like Timothy, our hay comes from managed meadows which contain over 20 different species of grass and edible plants. This improves the overall appeal and palatability; plus, ensures the hay provides pets with a better variety of beneficial phyto-nutrients such as antioxidants and flavonoids. The cookies also mean it's easier to ensure pets are given sufficient hay each day which is important for dental health, healthy digestion and overall health and wellbeing.

Our hay cookies give you the opportunity to free-up valuable retail and storage space as they take up only half the volume of most other compressed 1kg packs. The packaging clearly communicates the importance of feeding hay which increases usage and promotes sales under a brand with strong consumer awareness and loyalty.

Our hay cookies compared to a typical 1kg compressed pack

## Beaphar CARE+® extruded Guinea Pig food

Beaphar Care+® is an extremely palatable and well-balanced super-premium feed that has been developed in collaboration with veterinary surgeons, dieticians and leading guinea pig experts.

Beaphar Care+® is enriched with extra vitamin C and also contains proteins of high biological value for optimum growth. This food has low fat content and contains omega 6 and omega 3 fatty acids, echinacea and spirulina. The Vit E Cell Protection System protects your guinea pig's cells against damaging external influences. Chelated minerals improve absorption and supply to the body, resulting in a healthy mineral balance in the body. FOS and MOS are included as prebiotics. Yucca schidigera extracts help to minimize the odor of faeces and urine.

The variety of different ingredients in Beaphar Care+® ensure that your guinea pig is cheerful, vivacious and guarantees a long and healthy life. With Beaphar Care+® you can be sure that you have the best food for your guinea pig.

## Beaphar CARE+® extruded Junior Rabbit food

Beaphar Care+® Junior Rabbit is a very tasty, super-premium complete feed for young rabbits up to 10 months.

The extrusions are smaller than those of Beaphar Care+® for adult rabbits, which makes them easier for young rabbits to eat. The result is no more left-overs and the assurance that a complete diet has been consumed. Beaphar Care+® Junior Rabbit is rich in vitamin A and E and contains a well-balanced calcium / phosphorus ratio for healthy growth.

Beaphar Care+® has a low fat content and contains a well-balanced omega 6 / omega 3 fatty acid ratio. Natural Ingredients like; echinacea, spirulina and Yucca schidigera have been added and the minerals in this feed are surrounded by a protein coating, which improves absorption and supply to the body. FOS & MOS are included to support the intestinal flora. The variety of different ingredients in Beaphar Care+® Junior Rabbit make it a perfectly balanced feed for your rabbit.

## Beaphar CARE+® extruded Senior Rabbit food

Beaphar Care+® Senior Rabbit is a very tasty, super-premium complete feed, which has been developed in collaboration with veterinary surgeons and nutritionists. Beaphar Care+® is extruded, so every pellet has the same composition (all-in-one). The result is no more left-overs and the assurance that a complete diet has been consumed, because selective feeding will be prevented. The hardened pellets support the natural wearing of the teeth ((dental function). High temperature treatment improves protein digestibility.

Beaphar Care+® Senior Rabbit is a perfectly balanced feed for older rabbits, which considers all of their natural nutritional needs. The pellets are low in calcium and have a balanced ratio of the important polyunsaturated fatty acids omega-6 & omega-3 (from wheat, soy & flax seed), a suitable crude fibre content and aromatic thyme-extract. Vitamin C, vitamin E, green tea extract and ginseng are added, which are important antioxidants that contribute to the rabbit's natural defences. A low protein content and no added sugars help to prevent obesity in less active rabbits

## XtraVital Rabbit Feed

XtraVital Rabbit Feed is an extremely palatable, well-balanced, premium feed. The feed contains all necessary vitamins together with chelated minerals (minerals surrounded by a protein coating for improved absorption) and is tailored to the nutritional requirements of rabbits. XtraVital is rich in proteins and roughage so stimulating optimal digestion. In addition the feed has a low fat content to prevent fat formation around the internal organs. With the addition of echinacea, a plant extract that maintains a healthy immune system, this feed ensures a lively and vivacious rabbit with a beautiful coat and healthy skin.

## XtraVital Guinea Pig Feed

XtraVital Guinea Pig Feed is an extremely palatable, well-balanced, premium feed. Guinea pigs have special nutritional requirements because they do not make vitamin C themselves. XtraVital Guinea Pig Feed is enriched with extra vitamin C. The varied composition of high-value ingredients ensures optimum acceptance. It has low fat content to prevent obesity. Alfalfa is added to stimulate the intestinal flora. The use of chelated minerals (minerals surrounded by a protein coating) improves absorption. XtraVital contains echinacea, a plant extract that maintains a healthy immune system and together this feed ensures a lively and vivacious guinea pig with a beautiful coat and healthy skin.

# Food & Treats

## Nature Guinea Pig

Beaphar Nature Guinea Pig is a healthy and tasty premium guinea pig food, containing up to 30 different herbs and grasses. The food is 100% cereal-free and contains a high percentage of fibre in order to reflect a guinea pig's natural diet in the wild, for optimal well-being and healthy digestion. Beaphar Nature Guinea Pig has extra vitamin C, as guinea pigs cannot synthesize it themselves. Beaphar Nature Guinea Pig is designed to be an "all-in-one" pellet; this ensures that your guinea pig receives a complete, balanced diet without wasting any food. The unique heartshape has a rough fibrous structure, which encourages the natural and beneficial wear of teeth, thus improving dental function in all guinea pigs.

## NATURALS

### Treats

Our herbal/salad mixes are amongst our most popular treats. Many have copied us, but no one can match our quality and range of ingredients, let alone our value for money. These treats are ideal for rabbits, guinea pigs, chinchillas and degus and are healthy enough for daily feeding: indeed the unique flavonoids; plus, being naturally rich in vitamins, minerals and fibre, mean these treats can be really beneficial to a pet's health. New for 2020 we have Fields of Gold, in a bag three times the size of our other mixes, offering pet owners value and convenience.

The grain-free movement we started in 2012 is now really growing in popularity with owners of fibrevores. Of course, grains are still ok in food, but in moderation, however, by taking grain out of those treats that would normally use it, it then allows us to pack in more of the healthier ingredients like veggies, herbs and beneficial seeds.

The treats below include both old favourites and new. The new, such as the Luxury Mini Sticks, focus on portion control to help ensure pet's don't over-indulge. Even the "old" have changed as our products that used to contain a trace of egg are now completely egg-free! And our larger sticks now use plastic-free, twisted paper hangers.

The market research we do and the customer feedback we see, all tells us that pet owners are looking for treats that really last and make their pets work for their reward. So rather than simply offering minor but multiple variants on the same sticks and extruded treats from multiple brands, with Naturals we offer you the potential to offer your customers a wider variety of treats, many with real USP's. A great example of this are our three new lines, the fun Raspberry 'n' Coconut Cone, the hay-rich Herb 'n' Hay Wheels and the long-lasting Pea 'n' Mint Rollers.

## Edible Gnaws & Toys

Fast selling, unique and really beneficial to pets: our range of Naturals gnaws and edible enrichment toys is a must stock. Most are designed to challenge and stimulate pets of all sizes, helping to prevent boredom. Our gnaws are especially useful in helping pets to satisfy a key need: helping to wear growing teeth.

## SIMPLY NIBBLES

### Treats

Our Simply Nibbles brand offers your customers popular and healthy treats that pets keep coming back for. Our chunky bars are made from 100% natural ingredients, without added sugars etc and can be easily broken into smaller pieces for better portion control.

And why not join the crunchy cushion revolution with our crispy treats made from cereals and timothy hay and enriched with added vitamins. Each has a soft filling made from either tropical fruits, such as apricot and pineapple; or apple with real herbs such as parsley and lovage.

## BOREDOM BREAKER

### Edible Activity Toys

The two sizes of Hide 'n' Treat Chains - which are great for both small animals and birds - are perfect for challenging most sizes of parrot and parakeet. Each of the three 'logs' is hollow allowing owners to hide their pet's favourite treats inside, challenging the bird to find out how to get to them. The small is great for budgies and cockatiels whilst the larger is ideal for medium sized parrots.

The Birdy Branch is made from a pine wood mixture which is pressure formed into a hard branch shape so is ideal for both perching on and slowly destroying! It even contains little depressions for holding pieces of fruit or vegetables. It measures at 30 x 17 x 4.5cm.

## Rubber Perches

Easy to fit, durable and flexible perches that can be bent and shaped as required. Ideal for most cages. The small size is 60cm long and 12mm in diameter and is ideal for budgies, canaries and lovebirds. The large is 60cm long and a chunky 22mm in diameter and is ideal for cockatiels and conures as well as large parrots like Amazons and African greys.
